Divergent (Divergent #1) In Beatrice Prior's dystopian Chicago world, society is divided into five factions, each dedicated to the cultivation of a particular virtue—Candor (the honest), Abnegation (the selfless), Dauntless (the brave), Amity (the peaceful), and Erudite (the intelligent). On an appointed day of every year, all sixteen-year-olds must select the faction to which they will devote the rest of their lives. For Beatrice, the decision is between staying with her family and being who she really is—she can't have both. So she makes a choice that surprises everyone, including herself. During the highly competitive initiation that follows, Beatrice renames herself Tris and struggles alongside her fellow initiates to live out the choice they have made. Together they must undergo extreme physical tests of endurance and intense psychological simulations, some with devastating consequences. As initiation transforms them all, Tris must determine who her friends really are—and where, exactly, a romance with a sometimes fascinating, sometimes exasperating boy fits into the life she's chosen. But Tris also has a secret, one she's kept hidden from everyone because she's been warned it can mean death. And as she discovers unrest and growing conflict that threaten to unravel her seemingly perfect society, Tris also learns that her secret might help her save the ones she loves . . . or it might destroy her. Divergent is the first novel in the Divergent series by the American writer Veronica Roth. Divergent series gain more popularity when the books got adapted for the movies with the respective titles as the books. Both the novels and movies were a commercial success and if you wish to start reading the series, get the Divergent Pdf right now at the end of this review. Divergent Pdf Review: Divergent is one of the best dystopian-fiction novel series of this era. Those novels include The Hunger Games and The Maze Runner. Divergent is the debut novel by the American author and is also the title of the first book. It is followed by Insurgent and Allegiant. The movie titles are also in the same order and you have the choice between either books or movies for a spoiler-free experience. However, what we would recommend is that you go for the books first since they bring a much better and more immersive experience while reading the story. The movies are good as well and did great at the box offices; however, they were received with mixed reviews and when it comes to storytelling, the experience might not be the same in movies as it is in the books. As for the story, it is set in post-apocalyptic Chicago, survivors are divided into five factions. Abnegation, the selfless; Amity, the peaceful; Candor, the honest; Dauntless, the brave; and Erudite, the intelligent. All 16-year-olds are tested to determine the faction that suits them best, but they select their faction at the Choosing Ceremony. Those who do not complete initiation become "Factionless" and live on the streets as outcasts. Insurgent is a 2012 science fiction young adult novel by American novelist Veronica Roth, the second book in the Divergent trilogy. As the sequel to the 2011 bestseller Divergent, it continues the story of Tris Prior and the dystopian post-apocalyptic version of Chicago. Following the events of the previous novel, a war now looms as conflict between the factions and their ideologies grows. While trying to save the people that she loves, Tris faces questions of grief, forgiveness, identity, loyalty, politics, and love. The book was first published on May 1, 2012 by the HarperCollins imprints Katherine Tegen Books in the U.S. and HarperCollins Children's Books in the U.K, a "Collector's Edition" was published on October 30 in the United States. Insurgent received mostly positive reviews from critics, with reviewers praising Roth's writing. The faction-based society that Tris Prior once believed in is shattered—fractured by violence and power struggles and scarred by loss and betrayal. So when offered a chance to explore the world past the limits she's known, Tris is ready. Perhaps beyond the fence, she and Tobias will find a simple new life together, free from complicated lies, tangled loyalties, and painful memories. But Tris's new reality is even more alarming than the one she left behind. Old discoveries are quickly rendered meaningless. Explosive new truths change the hearts of those she loves. And once again, Tris must battle to comprehend the complexities of human nature—and of herself—while facing impossible choices about courage, allegiance, sacrifice, and love. Told from a riveting dual perspective, Allegiant, by #1 New York Times best-selling author Veronica Roth, brings the Divergent series to a powerful conclusion while revealing the secrets of the dystopian world that has captivated millions of readers in Divergent and Insurgent.
